

Dear Alastair

Many thanks for your email. The Derbyshire Green Party would be happy to provide a comment of support for your website:

"The Derbyshire Green Party fully encourages more people to consider cycling or walking as an alternative to using their cars, and would as such support methods that would achieve this aim, including the re-allocation of road space, where appropriate, to allow this to happen. Derbyshire Green Party would also call on central government to ensure that the active travel funds provides full funding for such projects, within Chesterfield and the rest of Derbyshire."

I hope this is ok.

Regards

Darren Yates

Co-ordinator, Derbyshire Green Party
